

Canine Parasite Control Options			
Prescription Needed? RX	The wide array of parasite control options and where they can be purchased is confusing. The list below is an attempt to help our clients clarify which options we prescribe that may suit your pet(s) best as you shop. Each medication is designated with the locations that it may be purchased, Glenway Animal Hospital (GAH), My Vet Direct (MVD) or Vet Centric (VC).	Glenway Animal Hospital GAH	My Vet Direct MVD
RX	<u>Interceptor</u>	GAH	MVD
Yes	(Novartis) is a once a month, flavored, heartworm prevention that also prevents your dog from getting gastrointestinal parasites, roundworms, hookworms and whipworms.	YES	YES
